REM 2013

Wien

Mechatronics Platform Austria

article 1 – aims

- advancement of mechatronics and additionally
- protection of Austria as production location by innovative mechatronics products,
- increase of percentage of women in mechatronics jobs,
- encouragement of cooperation,
- exchange of students, graduates and lecturer,
- continuous improvement of education quality,
- boost of scientific collaboration

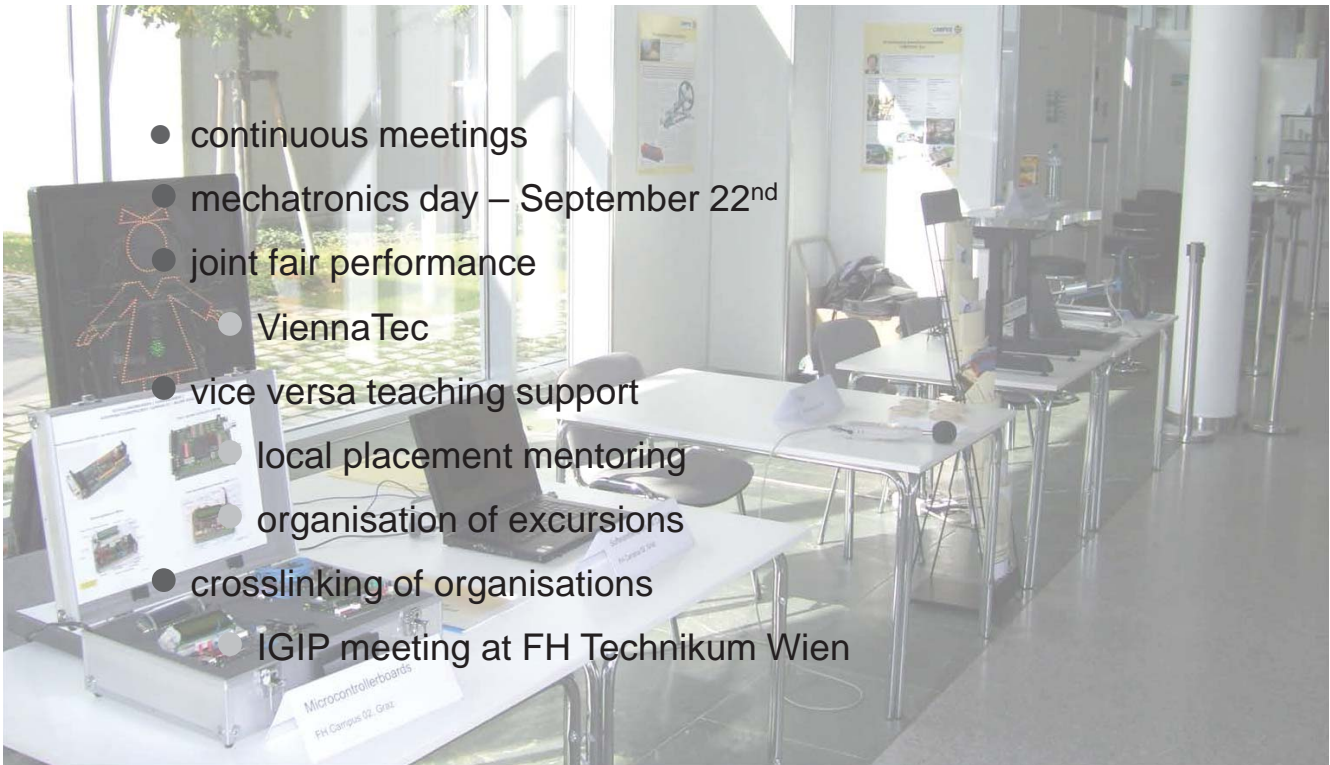

REM 2013

Wien

Mechatronics Platform Austria

activities

- continuous meetings
- mechatronics day – September 22nd
- joint fair performance
- ViennaTec
- vice versa teaching support
- local placement mentoring
- organisation of excursions
- crosslinking of organisations
- IGIP meeting at FH Technikum Wien

REM 2013

Wien

Mechatronics Platform Austria

artical 6 – member meetings

- hosting institution is clockwise changing
- hosting institution act as chairman
- schedule
 - get acquainted with the hosting institution
 - numbers and facts
 - environment visitation
 - information and opinion exchange
 - development of common activities
 - collective dinner

REM 2013

Wien

Mechatronics Platform Austria

examples for information and opinion exchange

- BA-MA reorganisation
 - date of change
 - number of semester
- legal modifications and their effects
 - §5a FHStG
- HTBLA-graduate crosswise entry
- structural organisation
 - R&D integration
- workflow management
 - BA-thesis organisation
 - BA-final exam

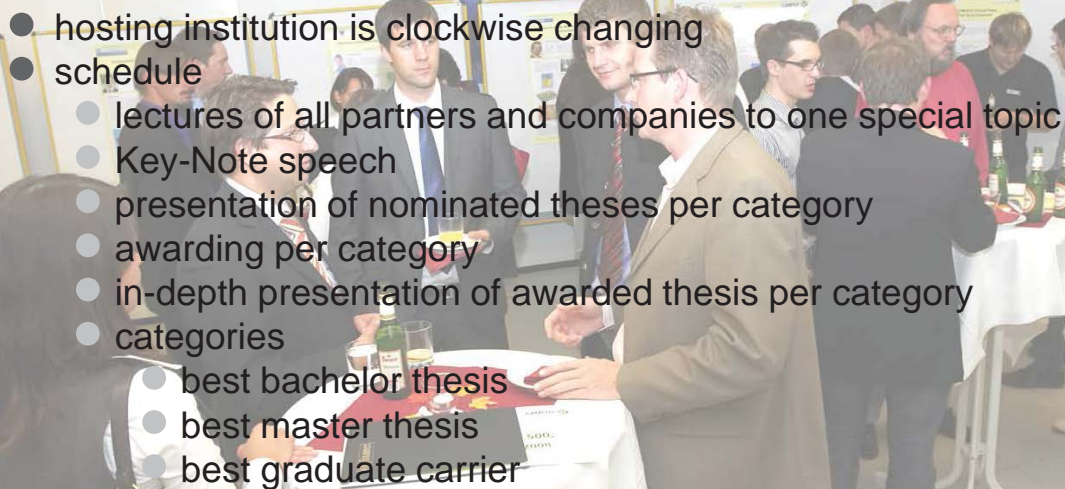

REM 2013

Wien

Mechatronics Platform Austria

mechatronics day

- 
- hosting institution is clockwise changing
 - schedule
 - lectures of all partners and companies to one special topic
 - Key-Note speech
 - presentation of nominated theses per category
 - awarding per category
 - in-depth presentation of awarded thesis per category
 - categories
 - best bachelor thesis
 - best master thesis
 - best graduate carrier
